Acvena

Acne Buster Gel

Acvena Acne Buster Gel is a topical anti-acne treatment designed to target multiple causes of acne such as excess oil, clogged pores, inflammation, and bacteria. It's typically formulated with a combination of clinically proven and natural ingredients that work synergistically to reduce breakouts, calm irritated skin, and prevent future acne.

Acne Buster 5%

Treat acne by controlling sebum, reducing inflammation, and preventing the formation of blackheads and whiteheads.

They often help exfoliate dead skin cells, clear out pimples, and remove excess oils.

Azelaic Acid 0.5%

Reduces inflammation, unclogs pores, and fades post-acne pigmentation.

Has antimicrobial and keratolytic properties—ideal for treating mild to moderate acne.

Niacinamide (Vitamin B3) 2%

Helps regulate sebum (oil) production, improves skin barrier function, and reduces redness.

Supports skin tone evening and reduces the appearance of acne marks.

Zinc PCA 1%

A combination of zinc and PCA that controls oil and has antibacterial properties.

Helps reduce inflammation and inhibits acne-causing bacteria.

Salicylic Acid 2%

A beta hydroxy acid that deeply penetrates pores to dissolve excess oil and dead skin cells.

Effective in treating blackheads, whiteheads, and preventing future breakouts.

Tea Tree Oil 0.1%

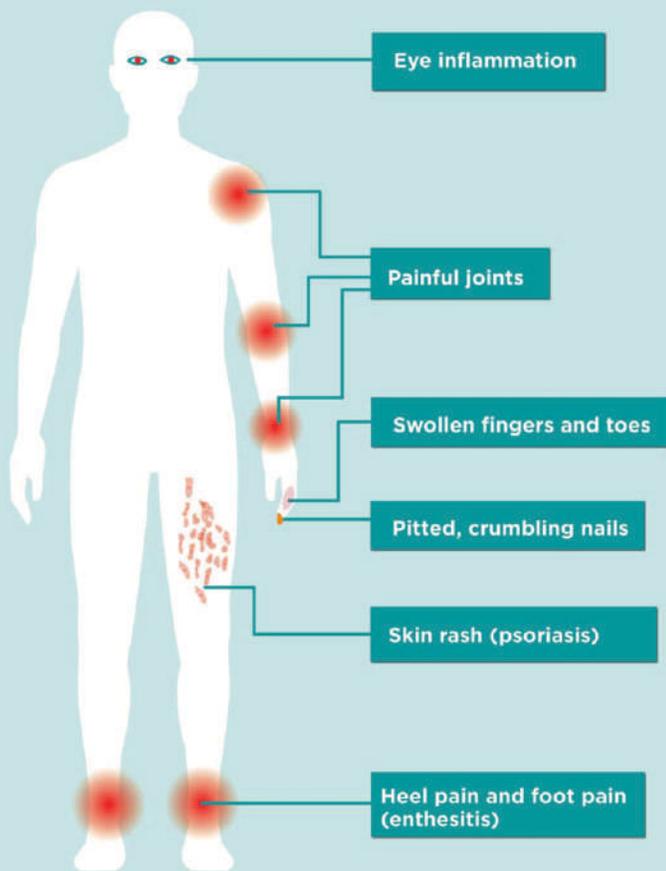

A natural antibacterial and anti-inflammatory agent.

Helps reduce redness, swelling, and bacteria on the skin.

Also Available:

Acvena

Anti Acne Face Wash

Psoriatic Arthritis symptoms to never ignore

Apribest^{10/20 30}

Apremilast 10/20/30mg Tablets

Apribest Tablet is used to treat Plaque psoriasis (scaly, itchy, and red patches on the skin), psoriasis arthritis (inflammation in the joints in people with psoriasis), and oral ulcers. Psoriasis is a chronic, painful, nontransmissible, deactivating and damaging disease. Psoriatic arthritis is a type of arthritis that some people with psoriasis experience.

Apribest Tablet contains Apremilast, a phosphodiesterase 4 (PDE4) inhibitor. Apribest Tablet works by blocking the action of some chemical messengers that are responsible for inflammation related to psoriatic arthritis (inflammation in the joints in people with psoriasis) and psoriasis (scaly, itchy, and red patches on the skin) and, thus, lower the signs and symptoms of these conditions.

Helps Tighten Enlarged Pores
Helps Boost skin firmness
Fades Acne mark & dark spots

Bellamiss

Rose Toner

Hydration is key to maintaining healthy and radiant skin, and Bellamiss Rose Toner in this aspect. The lightweight mist envelops your skin with a fine veil of moisture, quenching its thirst and promoting a dewy, luminous glow. Regular use helps combat dryness and contributes to a supple, well-nourished complexion. Experience the convenience of Bellamiss Rose toner as a makeup remover. Gently sweep away the day's makeup and impurities with the soothing touch of rose extracts. Its non-irritating formula ensures a thorough cleanse without compromising the skin's natural barrier, Pore tightening is another noteworthy benefit of Bellamiss Rose Toner. The natural astringent properties of rose extracts work to minimize the appearance of pores, promoting a smoother and more refined skin texture. Incorporating this toner into your skincare routine can help achieve a more even skin tone and reduce the visibility of pores over time.

Bella Bright Botox

Aqua Boost Cream

Bella Bright Botox facial cream containing Collagen, Acetyl Hexapeptide-8, Vitamin C, Grape Seed Extract, multiple peptides, and hydrating + preservative agents is formulated to mimic the effects of Botox without injections. This type of cream targets fine lines, wrinkles, firmness, hydration while offering antioxidant protection and skin-smoothing benefits.

Anti-Aging Actives & Peptides

Acetyl Hexapeptide-8 (Argireline)

Often called "Botox in a jar," it works by relaxing facial muscles to reduce expression lines (especially on the forehead and around the eyes). It softens dynamic wrinkles without affecting natural facial movement.

Palmitoyl Oligopeptide, Tripeptide-1, Tetrapeptide-2, Hexapeptide-12

These signal peptides help stimulate collagen synthesis and skin repair. They improve elasticity, firmness, and smoothness, mimicking the rejuvenating effects of Botox on skin texture and tone.

Hydration & Firming Agents

Collagen

Boosts skin elasticity and helps reduce the appearance of fine lines. Though topically it doesn't penetrate deeply, it provides a plumping and moisturizing effect.

Blady Grass Extract (Imperata Cylindrica Root Extract)

A natural moisture-retaining botanical that enhances skin hydration over 24 hours. It helps keep the skin supple and smooth.

Antioxidants & Skin Brighteners

Vitamin C

Brightens the skin, fades dark spots, and provides antioxidant protection against environmental stress.

Vitis Vinifera (Grape Seed Extract)

Rich in polyphenols and resveratrol, it combats free radicals and supports skin elasticity and collagen health.

Cutiglare

Fermented Rice Water & Niacinamide 2%

Facewash

- The Cutiglare Facewash removes makeup, impurities and excess oils from pores. It reduces blemishes and retains moisture and also helps brighten your skin tone leaving dewy-fresh skin that glows like glass. It contains natural ingredients like Rice Water & Niacinamide.
- The Cutiglare Facewash is an amazing skincare product that combines the goodness of nature with cutting-edge technological developments.
- For ages, rice water has been a well-kept beauty secret. Rice water, which is well-known for its mild cleansing qualities, eliminates dirt and excess oil without removing the skin's natural hydration.
- Niacinamide, sometimes referred to as vitamin B3, is a versatile skincare component. Which can help regulate sebum production, enhance skin texture, and level out skin tone.

Formulated to Reveal Your Brightest Skin

faceglare-g2

Faceglare G2 face gel formulated with Glutathione 4%, Glycolic Acid 6% & Aloe Vera Extract is typically designed to target skin brightening, gentle exfoliation, and soothing hydration—making it ideal for those looking to improve uneven tone, dullness, and texture while keeping the skin calm and moisturized.

Glutathione 4%

It helps brighten the complexion by inhibiting melanin production.

Protects against environmental damage and supports a clearer, more radiant skin tone.

Often used in products to help reduce dark spots, pigmentation, and dullness.

Glycolic Acid 6%

Exfoliates the skin by dissolving dead skin cells and encouraging cell turnover.

Helps fade hyperpigmentation, smooth fine lines, and refine skin texture.

Enhances penetration of other active ingredients like Glutathione.

Aloe Vera Extract

Reduces inflammation, calms irritation, and helps heal minor skin damage.

Balances the exfoliating effects of glycolic acid, making the formula gentle enough for regular use.

Hyabliss

Face Serum

Hyabliss Face serum contains a potent concentration of Hyaluronic Acid, providing deep hydration and moisture to the skin.

Multi-level hydration that deeply moisturizes and nourishes the skin, leaving it plump and revitalized.

The inclusion of Vitamin B5 in Hyabliss face serum helps boost skin elasticity, supporting a more youthful and supple appearance.

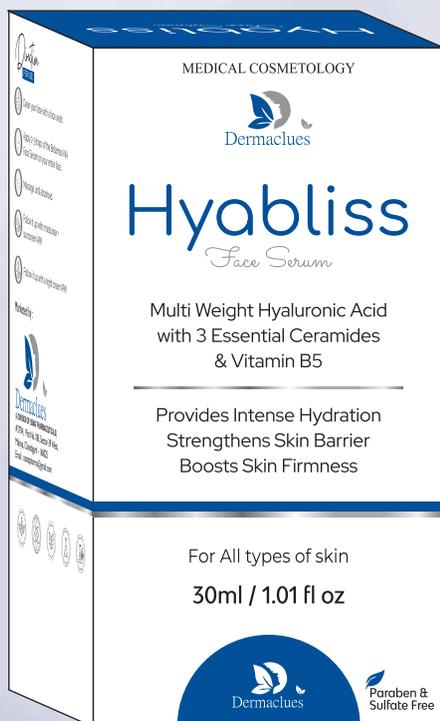

Achieve a radiant and glowing complexion with the powerful combination of Hyaluronic Acid and Vitamin B5.

Helps diminish the appearance of fine lines and wrinkles, revealing smoother and more youthful-looking skin.

Antioxidant-rich Formula: The antioxidant properties in our serum help protect the skin against environmental damage and free radicals.

Hyabliss Face serum is designed for both women and men with dry and normal skin.

The serum has a lightweight texture that quickly absorbs into the skin, without leaving any greasy residue.

GIVE **YOUR SKIN**

Nourish Hydrate Transform

Hyabliss

Face Cream

Hyaluronic Acid, Polyglutamic Acid, Squalane, Ceramides & Peptides are key ingredients of Hyabliss Face Cream known for their moisturizing, anti-aging, and skin repair properties. Hyaluronic acid is a well-known humectant that draws moisture to the skin, while polyglutamic acid is another powerful humectant with a higher molecular weight, allowing it to form a moisture-retaining film on the skin's surface. Peptides are chains of amino acids that can signal the skin to produce collagen and elastin, supporting skin elasticity and reducing the appearance of fine lines and wrinkles.

Hyaluronic Acid

A powerful humectant that draws moisture into the skin.
Helps plump the skin and reduce the appearance of fine lines.

Polyglutamic Acid

Holds even more moisture than hyaluronic acid.
Forms a protective film on the skin, preventing water loss.
Improves skin elasticity and enhances overall hydration.

Squalane

A lightweight, non-comedogenic oil that mimics skin's natural oils.
Hydrates and softens the skin without clogging pores.
Has antioxidant and anti-inflammatory properties.

Ceramides

Essential lipids naturally found in the skin barrier.
Strengthen the skin's natural moisture barrier.
Protect against environmental damage and reduce dryness and irritation.

Peptides

Chains of amino acids that support collagen and elastin production.
Help firm the skin, reduce wrinkles, and improve skin texture.
Support skin repair and renewal.

Fall Problem...?

Kerahlix⁺

Hair Growth Shampoo

Biotin B7

Biotin, also known as vitamin B7, stimulates Keratin production in hair and can increase the rate of follicle growth.

Collagen

Collagen tends to strengthen the hair by building the proteins and it also helps in making the roots firm and strong. Collagen has amino acids, which our body uses for strengthening our hair. It also tends to prevent hair follicle damage and graying, which can lead to other hair issues as well.

- Highly Effective Formulation
- No Spil Ends
- Hair Volumizing
- No SLS/SLES
- Contains DTH Blockers

INDICATION

- Cleanses scalp deeply.
- Moisturizes hair.
- Provides essential nutrients to the hair.
- Adds volume and definition to hair.
- Strengthens hair.
- Repairs damaged hair.

Kerahix⁺

Biotins, Amino Acids, Vitamins & Minerals Tablets

- ✿ Scientifically formulated nutritional support that significantly increases hair growth
- ✿ Biotin acts as a coenzyme for mitochondrial carboxylases in hair roots which are involved in fatty acid & amino acid metabolism'
- ✿ Stops alopecia which is one of many consequences associated with biotin deficiency
- ✿ Improves overall hair volume, scalp coverage and thickness of hair
- ✿ Enhances hair shine, scalp moisture retention and scalp smoothness

Indications:

- ✿ Alopecia
- ✿ Hair Thinning
- ✿ Brittle And Damaged Hair
- ✿ Hair Fall Due To Nutritional Deficiencies

Strengthen The Hair Follicle To Enhance Hair Growth

KERAHIX PRO

Hair Growth Serum

Kerahix Pro Serum is made with patented and clinically proven ingredients like 4% Redensyl, 3% Procapil, 1% Capixyl & 5% Saw Palmetto which targets root causes of hair fall control such as premature ageing of hair follicles, shrinking of hair follicles due to DHT, hair thinning and weakening of hair roots. Natural extracts like Red Clover, Fenugreek are effective in stopping hair loss and maintaining the health of your hair.

Redensyl

Modulates DHT (hormone) that reduces hair fall

Capixyl

Promotes hair growth by reactivating hair follicle stem cells

Procapil

Promotes hair anchoring by strengthening the follicle

Keravis

Penetrating the hair shaft to increase moisture content and plasticity of the hair, and coating the hair to lubricate and reinforce the cuticle.

Saw Palmetto

Blocks DHT forming enzymes that shrink hair follicles and contribute to male pattern baldness

Revive the
Roots.
Reveal the
Growth.

Kerahix Pro

Kerahix Pro shampoo formulated with Redensyl, Procapil, Anagain, Caffeine, Biotin, Collagen, and Horsetail Extract is typically designed as an advanced hair growth support treatment, aimed at reducing hair fall, stimulating new growth, and improving the overall health and thickness of hair.

Redensyl®

A breakthrough hair regrowth ingredient that targets hair follicle stem cells.

Stimulates the anagen (growth) phase of the hair cycle.

Promotes thicker, denser hair over time without side effects.

Procapil®

Strengthens hair anchoring and reduces follicle aging.

Clinically shown to reduce hair loss and promote stronger hair

Anagain™

Reactivates dormant hair follicles and extends the growth phase.

Helps reduce hair thinning and increases hair density.

Caffeine

Energizes hair follicles by increasing blood circulation to the scalp.

May inhibit DHT (a key factor in hair loss), especially in men.

Encourages stronger roots and faster hair growth.

Biotin (Vitamin B7)

Essential for keratin production and hair shaft integrity.

Improves hair elasticity, thickness, and resistance to breakage.

Collagen

Provides amino acids needed for hair building.

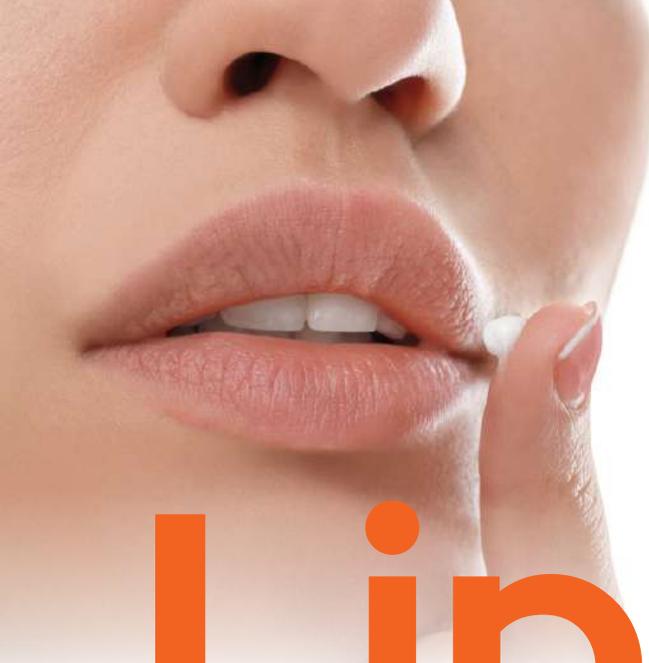

Strengthens the hair structure and supports scalp health.

Helps prevent hair thinning due to aging or damage.

Horsetail Extract

Strengthens hair strands, promotes shine & supports scalp circulation.

Helps reduce dandruff and scalp irritation.

Revive and Renew
Your Lips with...

Lipglare

Reviving Balm

Lipglare balm containing Petroleum Jelly, Caprylic/Capric Triglyceride, Octyl Methoxycinnamate, Cetyl Alcohol, Hyaluronic Acid, Jojoba Oil, and Shea Butter is formulated to offer intensive hydration, sun protection, and long-lasting comfort to dry or chapped lips.

Petroleum Jelly

Creates an occlusive barrier on the lips to lock in moisture.
Helping to heal cracked or chapped lips.
Acts as a base to protect and cushion delicate lip skin.

Caprylic/Capric Triglyceride

Derived from coconut oil and glycerin.
Light weight, non-greasy emollient that deeply moisturizes and softens the lips.
Enhances skin barrier function without clogging pores.

Octyl Methoxycinnamate

A UVB filter that provides sun protection (often used in SPF-rated products).
Helps prevent sunburn and sun-induced damage to the lips.

Hyaluronic Acid

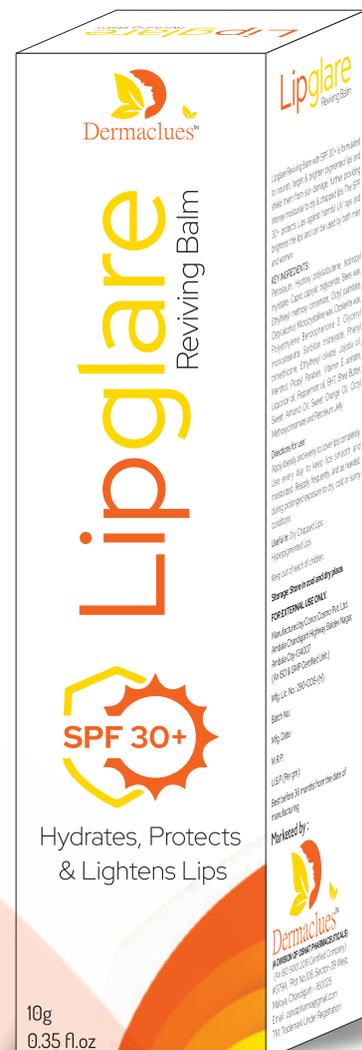

A powerful humectant that attracts and retains moisture.
Keeps lips plump, hydrated, and supple over time.
Provides a smoothing effect for dry or lined lips.

Jojoba Oil

Nourishes and moisturizes without feeling greasy.
Contains vitamin E and antioxidants that protect and heal the lips.

Butyrospermum Parkii (Shea Butter)

Deeply moisturizing, rich in fatty acids and vitamins A & E.
Helps repair damaged lip skin and protects against harsh environmental factors.
Provides a creamy, soothing texture ideal for sensitive or dry lips.

Puribrite™

Cream Base Facewash

L-Glutathione: is one of the most powerful antioxidant which helps in skin whitening and lightening by converting melanin to a lighter colour and deactivating the enzyme which helps produce the pigment.

Hyaluronic Acid Improves skin elastin and collagen reduce inflammation to sooth irritation.

Glycolic Acid: An alpha hydroxy acid (AHA) that exfoliates the skin, removing dead cells and promoting cell turnover.

Kojic Acid: Known for its skin-lightening properties, it works to diminish dark spots and brighten the complexion.

Vitamin E: An antioxidant that protects the skin from free radicals and moisturizes it.

Illuminate Your Skin Wave Goodbye to Pigmentation

PURIBRITE™

Pigment Corrector Gel Cream

Puribrite pigment corrector gel formulated with White Ten, Encapsulated Kojic Acid, Niacinamide, Arbutin, Lime Pearl, Tyrostat, and Butyl Resorcinol is designed to brighten the complexion, fade hyperpigmentation, and even out skin tone.

White Ten™ Complex: A proprietary blend of ten whitening agents aimed at reducing pigmentation and skin discoloration for a uniform skin tone.

Encapsulated Kojic Acid: A stabilized form of kojic acid that inhibits melanin synthesis, helping to lighten dark spots and reduce pigmentation safely and effectively.

Niacinamide (Vitamin B3): Reduces inflammation, enhances skin barrier function, evens skin tone, and minimizes the appearance of pores and dullness.

Alpha Arbutin: A powerful depigmenting agent that inhibits tyrosinase activity, reducing melanin formation and helping fade dark spots.

Lime Pearl™ (Caviar Lime Extract): A natural source of AHAs that gently exfoliates the skin, promoting cell turnover and improving texture.

Tyrostat™ (Lepidium Sativum Extract): A natural plant-derived ingredient that decreases tyrosinase activity and melanin production, reducing age spots and skin discoloration.

Butyl Resorcinol: One of the most effective tyrosinase inhibitors, used to treat melasma and persistent pigmentation, with minimal irritation.

Puvalen-25

Trioxsalen Tablets USP

Trioxsalen:

- Is one of the first line therapies for the treatment of localized vitiligo.
- It creates interstrand cross-links in DNA that leads to photo sensitization of skin.
- Increases skin tolerance to sunlight for patients who are allergic or sensitive to the sun. It also enhances pigmentation by darkening the skin and by thickening the skin layers.
- Causes stimulation of melanocytes in the hair follicle and causes them to move up the follicle and repopulate the epidermis. Melanocytes synthesize melanin, a necessary pigment for production of skin colour.

EFFECTIVE IN:

- PSORIASIS • VITILIGO • PHOTSENSITIVITY • ECZEMA

Face Wash Gel

Shilbi Clear

Salicylic Acid, Glycolic Acid, Sodium laureth Sulphate, Cocamidopropyl Betaine, Glycol Distearate, Glycerin, PEG-8 & Carbomer, PEG-12, Dimethicone, Citric Acid, Fragrance & Purified Water.

Advanced Acne Therapy

Shilbiglare-AZ

Foaming Face Wash

Azelaic Acid

Help treat mild to moderate acne by stopping the growth of bacteria that causes acne and keeping pores clear.

Help reduce redness and irritation associated with acne.

Help even out skin tone by reducing hyperpigmentation.

Help with post-acne scarring by encouraging skin cell turnover and regeneration.

Pentavitin

Hydrate the skin instantly and for up to 72 hours.

Help relieve itchy, flaky, and dry skin, making it feel soft and smooth.

Help promote skin cell regeneration, which can support UV protection.

Salicylic Acid

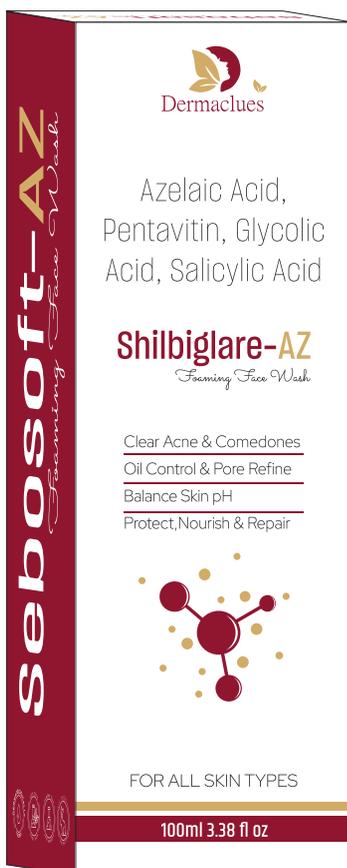

Help heal acne by unclogging pores, dissolving acne-causing bacteria, and reducing excess oil.

Help fade dark spots and marks, and even out skin tone.

Help control oil glands and reduce excessive sebum production.

Help remove dead skin cells.

Help give skin a more radiant and glowy appearance.

**Stay Away from
SCARY PIMPLES**

Shilbi-Clear

Betamethasone Valerate, Clindamycin Phosphate &
Nicotinamide Cream

Betamethasone Valerate

- ◆ More potent topical corticosteroid than hydrocortisone, dexamethasone & betamethasone
- ◆ Marked vasoconstrictor & anti-inflammatory activity
- ◆ Controls itching & inflammation

Clindamycin Phosphate

- ◆ Topical antibiotic with antibacterial and anti-inflammatory property
- ◆ Improves acne by reducing the levels of Propionibacterium acnes
- ◆ Reduces the number of inflammatory, non-inflammatory and total acne lesions

Nicotinamide

- ◆ Lowers the sebum excretion rate, thus reduces acne lesions, and acne severity
- ◆ Shows potent anti-inflammatory activity without risk of inducing bacterial resistance
- ◆ Improves the surface structure, enhances moisture content of skin and smooths out wrinkles

Say Good bye to Dark Spot and Blemishes

TRANMAX™-KC

Tranexamic Acid: Helps reduce dark spots and melasma by inhibiting melanin production.

Glycolic Acid: An alpha hydroxy acid (AHA) that exfoliates the skin, removing dead cells and promoting cell turnover.

Kojic Acid: Known for its skin-lightening properties, it works to diminish dark spots and brighten the complexion.

Arbutin: A natural skin brightener that helps reduce hyperpigmentation and age spots.

Niacinamide: Also known as Vitamin B3, it improves skin elasticity, enhances the skin barrier, and evens out skin tone.

Licorice Extract: Known for its soothing and brightening properties, it helps in reducing redness and pigmentation.

Titanium Dioxide: Provides sun protection by absorbing UV rays, preventing further pigmentation.

Vitamin E: An antioxidant that protects the skin from free radicals and moisturizes it.

Allantoin: A skin-soothing ingredient that promotes cell regeneration and helps calm irritated skin.

Mulberry Extract: Helps in skin brightening and reduces the appearance of dark spots.
