ZONBAN-50

Sunscreen Gel

AQUA GEL TECHNOLOGY
WATER RESISTANT
SWEAT RESISTANT

Zonban Aqua Gel with Microencapsulation Technology

Zonban Aqua Gel is a w/o/w emulsion formulated with a unique microencapsulation technology which provides several benefits:

- Micro encapsulation prevents absorption of actives into skin making them non-irritating
- Sunscreen actives are oily and difficult to formulate into gel. Micro encapsulation ensures a formulation that is non-greasy, non sticky gel
- It ensures even distribution of sunscreen actives

INGREDIENT	FUNCTION
Water, Ethylhexyl Methoxycinnamate, Butyl Methoxy dibenzoylmethane, Benzophenone-3, Phospholipids & 1,3-Butylene Glycol	UVA & UVB Filter
Pterocarpus Marsupium Bark Extract	Antioxidant, Antiinflammatory, Skin Lightening, UV Protection
Titanium Dioxide	Physical Blocker, UVA & UVB
Aloevera Extract	Soothing & Hydrating

MATT TOUCH ZONBAN GOLD SUNSCREEN

Broad Spectrum UVA & UVB
Protection PA+++

Skin Protection | Skin Defense

PA + + +

Broad Spectrum

Ethylhexyl Methoxycinnamate, Octocrylene, Bezophenone (BP-3),
Zinc Oxide, Butyl methoxydibenzoylmethane (Avobenzone)

Filters both types of UV Radiations (UVA & UVB)

Offers Broad spectrum UV, antioxidant and
blue light protection; Excellent UV filters

Cyclopentasiloxane (D5)

A type of silicone

Seals hydration | Evaporates quickly
Spreads easily | Has a lightweight feel

Patient Compliance

- **Matte Finish**
- **Non-Greasy**
- **Non-Comedogenic**
- **No White Casting**
- **Suitable for All Skin Types**

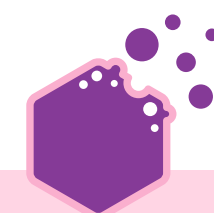

along with the benefits of *Glycine soja & Oryza sativa*
powerful antioxidant and intense conditioning

Plus the benefits of **BLUE OLEOACTIF**
Boosts Defense & Repair Systems of Cells

Kokum Butter **CREAM**

**Liposomal
Encapsulated
Ingredient**

ARBUTIN

- Strongly inhibits tyrosinase activity
- More stable & safer than hydroquinone
- Allows continued use for a long term of time

NATURAL REDUCED GLUTATHIONE

- Tripeptide found in the human body
- One of the skin's strongest anti-oxidant
- Inhibits the tyrosinase activity

ANTI-OXIDANTS FROM GRAPE SEEDS

- GSP-T (Grape Seed Procyanidins with tocopherols)
is a blend of water soluble procyanidin with natural
tocopherol
- Significantly reduces the formation of melanin

TRANEXAMIC ACID

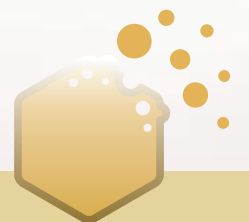

- Excellent skin lightening effect
- Helps in the treatment & prevention of melanin
- Anti-inflammatory
- Blocks melanin formation path induced by UV rays and prevents
accumulation of melanin
- Inhibits melanocytes tyrosinase activity

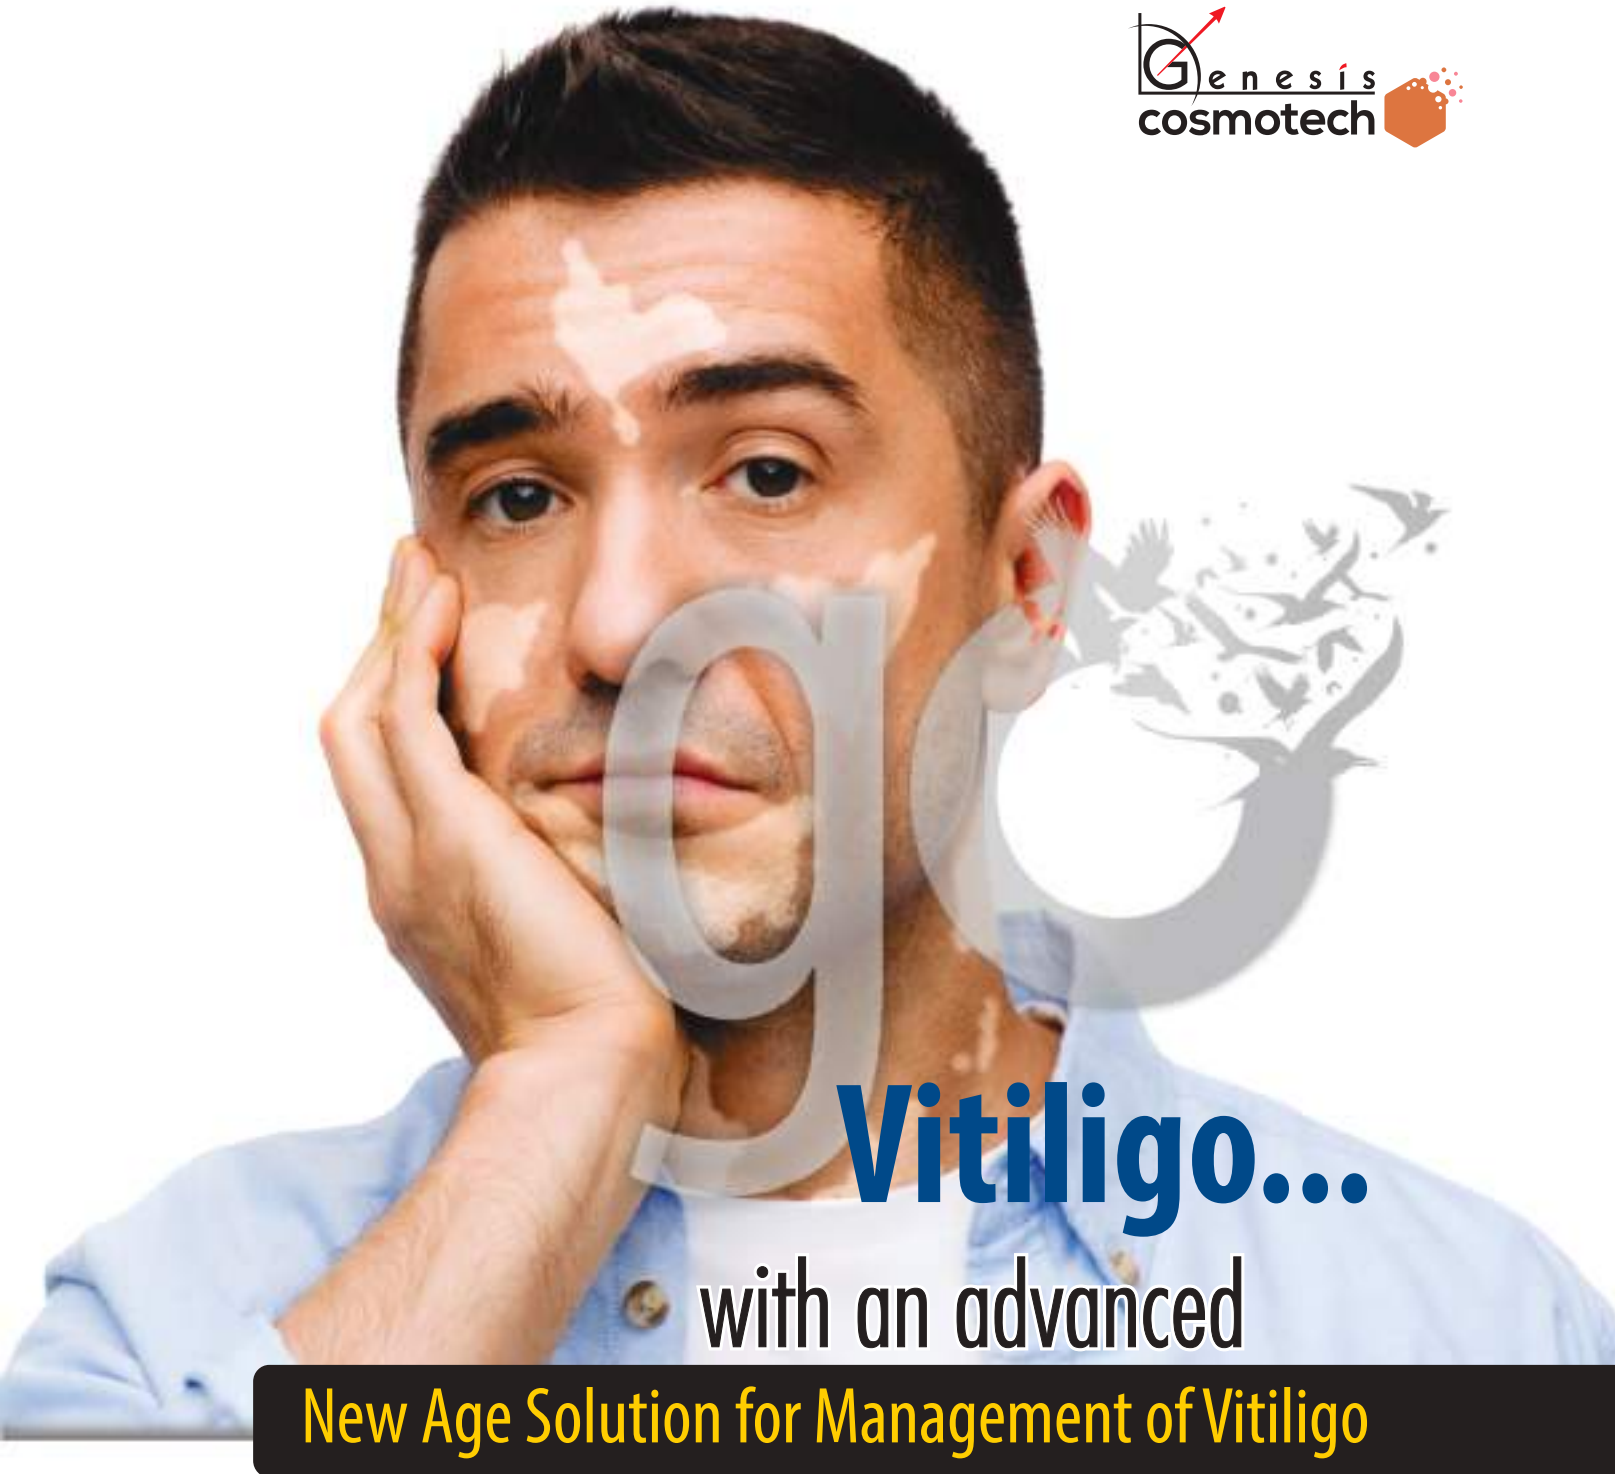

SHEA BUTTER

- Soothes and nourishes the deeper layers of the skin
- Reduces rough patches and dry flakes on the skin
- Protects the skin's natural oils
- Aids in the collagen production

KOKUM BUTTER

- Readily absorbed in the skin, without clogging pores
- An excellent emollient
- Regeneration of worn out skin cells
- Provides elasticity and flexibility to the skin wall

Vitiligo...

New Age Solution for Management of Vitiligo

NUPIGMEN

Melitane, EUK-134 &
Palmitoyl Tetrapeptide-7

LOTION

NUPIGMEN

Melitane, EUK-134 &
Palmitoyl Tetrapeptide-7

LOTION

Direction for use:

- Apply on the affected area/white patches.
- Rub in upward circular motion for about a min.
- Avoid contact with eyes, eyelid areas, nostril areas & close to the mouth.
- For best results, apply once daily at night.

**Supports the Normal Redox-Balance & the Tyrosinase Activity.
Helps Restoring Skin Pigmentation in Vitiligo.**

α-MSH (α-Melanocyte-Stimulating Hormone)

- A biomimetic peptide antagonist of the α-MSH (α-Melanocyte-Stimulating Hormone) , **stimulates melanin synthesis**, inducing skin pigmentation via the activation of its receptor MC1-R.
- Has a preventive action on DNA damage induced by UVA or UVB radiations and **reduces the number of sunburn cells attesting a DNA repair action**, for maximal anti-aging benefits.
- Limits the expression of biochemical inflammation mediators and provides **significant protection against UV-induced erythema**, reducing skin redness... for a healthy glow and skin protection.

Ethylbisiminomethylguaicol Manganese Chloride

- A synthetic antioxidant known as Ethylbisiminomethylguaicol manganese chloride. It **mimics two enzymes naturally present in the skin, superoxide dismutase & catalase**.
- It forms an **exceptionally rare self-regenerating molecule that scavenges superoxide free radicals**, eliminates hydrogen peroxide and converts reactive oxygen species into water & oxygen.
- Beneficial in reducing the visible signs of aging, redness, and protecting against UV-related skin damage.

Palmitoyl Tetrapeptide-7

- A patented α-MSH Biomimetic peptide which **stimulates melanogenesis by activation of MC1R**.
- **Promotes melanin redistribution** (transfer of melanin pigment from Melanocytes to Keratinocytes).
- **Promotes eumelanin production**.
- **Stimulates the activity of tyrosinase** and thus in melanogenesis, **reducing apoptosis** and release of hydrogen peroxide and **enhancing repair of DNA photoproducts in melanocytes** exposed to UV light.

ASCORBYL TETRAISOPALMITATE

- **Reduces melanin synthesis from 72% to 12%**, helping to protect the skin from UV-induced melanin production.
- Attenuates damage caused by oxidative stress and inhibits the production of intracellular peroxides produced by oxidative stress.¹
- **Superior antioxidant than magnesium ascorbyl phosphate (MAP).**²
Inhibits the activity of metalloproteinases (MMPs) than that of Vitamin C.¹
- May **promote collagen synthesis** in human skin fibroblasts, and its enhancement effect is about **3.5 times that of Vitamin C.**³
- **Excellent transdermal absorption.**⁴

ECTOIN

- An osmolyte; **helps maintain balanced hydration** by maintaining the correct water balance in skin so as to make a smooth, soft surface.
- Helps **protect skin** from environmental stress and pollutants.
- Repairs damaged, aged or stressed, and irritated skin.
- **Promotes skin barrier repair** and long-term hydration.

CHIA SEED OIL

Rich in Omega 3 and 6 Fatty Acids;
Antioxidant; Hydrates Skin;
Strengthens Skin Barrier
Helps add Glow to the Skin

COFFEE SEED EXTRACT

Prevents Dehydration;
Moisturizes Chapped Lips;
Nourishes & Smoothens;
Reduces Pigmentation

Vidanc

Ethyl Ascorbic Acid 20% + Vitamin E Acetate + Transcutol P +
Niacinamide + Purified Water **SERUM**

VIC

ETHYL ASCORBIC ACID:

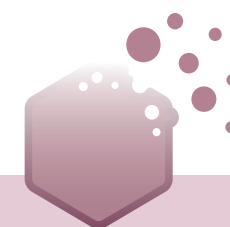

Compared to Ascorbic Acid:

- Most stable form of Vitamin C
- More lipophilic and hydrophilic
- More easily enters the dermis
- Exhibits more biological effects

VITAMIN E: Prevents the formation of wrinkles by blocking free radical damage and boosting collagen production

TRANSCUTOL P (From CLR of Germany): Increases the absorption and penetration of Vitamin C into the skin

NIACINAMIDE: Visibly improves the appearance of enlarged pores, uneven skin tone, fine lines, dullness and a weakened skin surface

Maintain Skin Integrity to **Live Beautifully...**

ViaanC

**Vitamin C 1000mg + Zinc Sulphate Monohydrate 12mg +
Copper Sulphate 1.2mg TABLETS**

VIA

VITAMIN C

- Protects skin from reactive oxygen species¹
- Reduces UVB-induced erythema & sunburn cell formation¹

ZINC

- Used as antiageing agent due to photoprotective and elastic regenerative properties²
- Improves immunity by restoring the important functions of the immune system³

COPPER

- Plays a key role in the synthesis and stabilization of skin proteins⁴
- Stimulates dermal fibroblasts proliferation⁴
- Stimulates the maturation of collagen⁵

ADVANCED SKIN WHITENING TREATMENT

Glutathione

- Fights Oxidative Stress in the Body
- May Control Inflammation
- Anti-Aging
- May Prevent Depression & Stress
- May Limit Neurodegeneration

Vitamin C

- Helps to repair & regenerate tissues
- Protect against heart disease
- Aid in the absorption of Iron
- Prevent scurvy & decrease Cholesterol & triglycerides.
- Help protect against a variety of cancers
- Prevent cataracts & support healthy immune function.

Alpha Lipoic Acid

- A powerful antioxidant both inside and outside.
- Scavenges several reactive oxygen species.
- Helps to regenerate both fat and water soluble.
- Improves sugar and fat metabolism.

UEC

Pepha-tight + Regu-Age PF + Cucumber Extract + Green Tea Extract +
Aloevera Gel + Cetyl Alcohol + Almond Oil + Sepiplus 400 + Vitamin E Acetate +
Myristyl Myristate **UNDER EYE CREAM**

»» Triple Action Under Eye Cream to

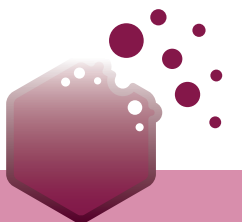

-  **Lighten Dark Circles**
-  **Diminish Fine Lines**
-  **Reduce Puffiness**

UEC UNDER EYE CREAM

visibly smoothes lines and instantly
brightens while reducing the appearance of
dark circles and puffiness.

KEY INGREDIENTS

PEPHA-TIGHT • REGU-AGE PF • CUCUMBER EXTRACT
GREEN TEA EXTRACT • ALOEVERA GEL
ALMOND OIL • VITAMIN E ACETATE

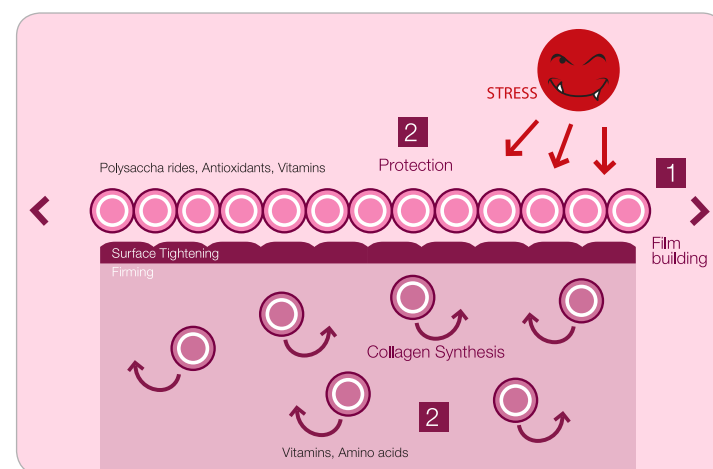

UEC

Pepha-tight + Regu-Age PF + Cucumber Extract + Green Tea Extract +
Aloevera Gel + Cetyl Alcohol + Almond Oil + Sepiplus 400 + Vitamin E Acetate +
Myristyl Myristate **UNDER EYE CREAM**

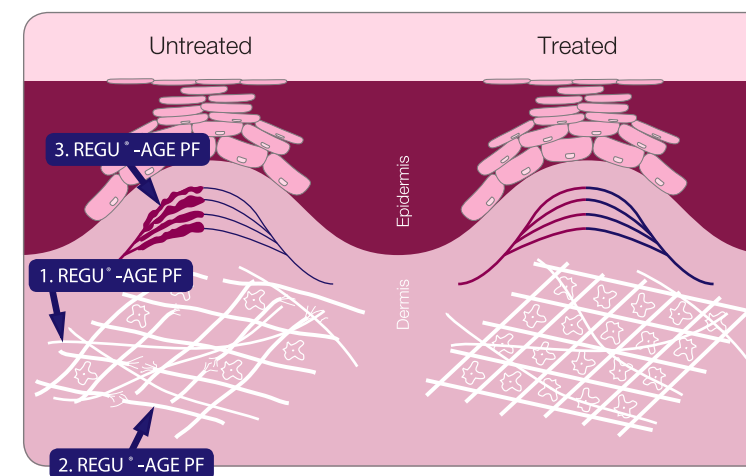

PEPHA-TIGHT: Delivers both a fast instant tightening experience
and a superior long term skin firming effect

REGU-AGE PF: Protects and strengthens the delicate skin under the eyes and
improves skin texture by more than 30% in 4 weeks

1.SHORT TERM EFFECT: Forms a thin film on the skin, exerting an instant tightening effect.

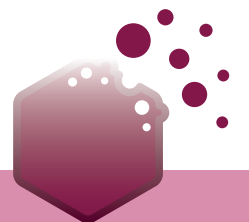

2.LONG TERM EFFECT: Acts as a protective shield against oxidative stress, helps to stimulate the formation of collagen I and provides a long-term firming benefit.

1. Protection against oxidative stress

2. Strengthens and protects the collagen and elastin matrix

3. Improves capillary circulation

UEC

Pepha-tight + Regu-Age PF + Cucumber Extract + Green Tea Extract +
Aloevera Gel + Cetyl Alcohol + Almond Oil + Sepiplus 400 + Vitamin E Acetate +
Myristyl Myristate **UNDER EYE CREAM**

BENEFITS

Deep nourishing of under eye skin

Quick-absorbing formula

Perfect for all skin types

Delivers powerful results

Leaves the eye area looking younger and well-rested

Safe for sensitive skin

Paraben-free, sulfate-free and phthalate-free.

DIRECTIONS FOR USE:

Apply morning and evening. Gently pat and smooth the cream around the eye area. Avoid contact with eyes.

INDICATIONS:

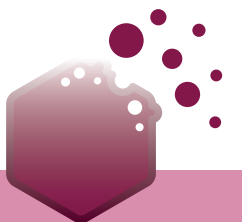

Dark circles

Fine lines

Under eye wrinkles

Crow feet

Under eye puffiness

moisturizing
CARE FOR YOUR
SKIN!

Aquaxyl™, Shea Butter, Aloe Vera Extract,
Jojoba Oil, Grape Seed Oil

Enriched with
Aquaxyl™ which offers
3D hydration to the skin
and **Natural oils**
which helps to protect
skin and restore skin
function^{1,2,3}

Aquaxyl™

- Increases moisture circulation throughout skin layers & boosts hyaluronic acid (offers suppleness to the skin)¹
- Shows moisturizing effect by maintaining a balance between water reserves and water loss¹
- Increases circulation of moisture throughout all skin layers and boost hyaluronic acid¹
- Reinforces skin barrier function and limits water loss resulting in softer smoother skin¹
- Provides anti-dehydration shield by promoting synthesis of integral proteins and lipids for healthy skin¹
- Refills the internal water reservoirs such as ceramides and aquaporin boosters¹
- Strengthens the moisturizing effects of glycerin and also removes its negative effects¹

Shea Butter

- Great emollient, maintains excellent moisturization in skin superficial layers⁴
- Prevents transepidermal water loss (TEWL) & provides sun-protection⁴

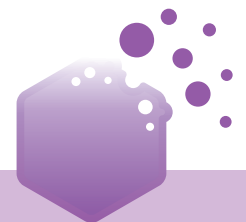

Jojoba Oil & Grape Seed Oil

- Retains moisture by forming protective non greasy layer over the skin⁷
- Rich in linoleic acid, soothes dry skin & reduces TEWL⁹

For All Skin Types

Do not let Acne
hide Beauty

To clean & clear skin pores

AKNEA[®]

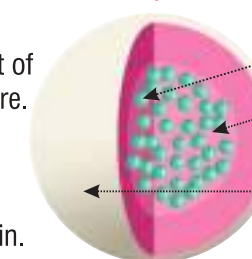

FOAMING FACE WASH

Salicylic Acid (A Unique Encapsulation Technology),
Tea Tree Oil, Allantoin, Zinc PCA, Wheat Germ Extract

BIOADHESIVE POLYMER

TIME RELEASE DELIVERY SYSTEM FOR SALICYLIC ACID

Time release of salicylic acid (SA), a beta-hydroxy acid, is best known for the treatment of dermatitis, acne, psoriasis, calluses, and more. SA works as a keratolytic, comedolytic, and bacteriostatic agent, causing the cells of the epidermis to shed more readily, opening clogged pores, and neutralizing bacteria within.

Salicylic acid

Hydrophobic core
(0.1 - 0.3 microns)

Bioadhesive Polymer

with the added advantage of

- **Salicylic acid** : acts as keratolytic agent & exfoliant thus clear the clogged pores.
- **Zinc PCA** : Helps treat acne and reduce sebum secretion.
- **Eucalyptus oil & tea tree oil** : shows anti-inflammatory & broad-spectrum antimicrobial action.
- **Wheat Germ Extract** : Helps reviving skin, prevents wrinkles, dark spots & signs of aging.
- **Allantoin** : offers anti-inflammatory properties

Benefits

- **Exfoliating**
- **Cleansing**
- **Moisturising**

A Technology based Foaming Face Wash...

Irritation free

To treat acne, safely & effectively

AKNEA[®]

FACE GEL

Highly Selected & Botanical Actives
Niacinamide, Zinc PCA, Aloe Vera

Highly selected 8 Botanical Actives Helps in :-

- Reduce Sebum Secretion to Treat Acne
- Anti Oxidant, Anti Inflammatory
- Helps Inhibiting Male Hormone activity
- Fight P. Acne Growth
- Helps in Exfoliation

Niacinamide :- Helps build keratin that keeps the skin firm and healthy; Keep skin smooth and moisturized.

Aloe vera :- Helps moisturize the skin; Boosts healing of wounds; Soothes the skin.

Zinc PCA :- Helps treat acne and reduce sebum secretion.

A Perfect Solution to Acne
with excellent botanical actives

Cleansing & Exfoliation-For Acne Prone Skin

itra Forte

Fluconazole 150mg & Itraconazole 200mg

Tablets

Synergistic effect of fluconazole & itraconazole

Itraconazole

Potent inhibitor of most fungal pathogens including *Aspergillus* species¹

Effective in patients who are non-responsive to fluconazole or other azoles treatment²

High concentration in skin & nails for upto 3 months after the end of therapy²

Superior efficacy than griseofulvin in dermatophyte onychomycosis³

Greater safety & efficacy than ketoconazole⁴

Fluconazole

Wider range of activity than ketoconazole

Achieves high concentration

Quicker symptomatic relief

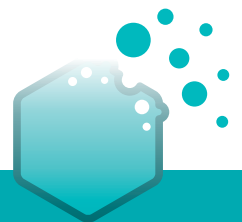

Prolonged elimination half-life in vaginal secretion

Akyoo CREAM

White Soft Paraffin 13.2% w/w + Liquid Paraffin 10.2% w/w

**Moisturises
Intensively...**

Eczema, dermatitis, or skin allergy usually cause dryness on the skin.
It often cracks the skin which cause flaking and scaring on the skin if it's scratched hard.

Akyoo CREAM

- Contains White Soft Paraffin and Liquid Paraffin are **emollients with occlusive properties** for topical application, for symptomatic relief of dry skin conditions.
- Substantially penetrates into the stratum corneum, following topical application,
- Acts as a moisturizer and a protective cream for skin related problems like dry skin and eczematous disorders.
- Offers relief of symptoms such as red, inflamed, damaged, dry, or chapped skin, especially when associated with eczema.
